What is a LERC?

Local Environmental Records Centres (LERCs) are **not-for-profit organisations** that collect, collate and manage information on the natural environment for a **defined geographic area**.

LERCs support and collaborate with a network of experts to ensure information is robust and make information products and services accessible to a range of audiences including decision-makers, the public, and researchers.

What is a LERC?

- Independent charity
- Hosted by another charity, e.g. Wildlife Trust
- Hosted by a partnership
- Community interest company / social enterprise
- Hosted by a Local Authority

GiGL

GLNP
GREATER LINCOLNSHIRE
NATURE PARTNERSHIP

ALERC

- UK-wide representation of LERCS
ALERC National Coordinator
ALERC Directors
ALERC members
- Working Groups
- Accreditation Scheme
